## Retail Bonus News and NMR Promotions!

Dear Edith Elting,

### Retail Bonus News:

**EFFECTIVE JANUARY 1ST, THE MONTHLY BONUS REQUIREMENT IS 1500 CV.**

*We had another fabulous "Holiday Fast Track" spike in reps qualifying this December (33). Will you be diving into this POOL this month? The pool share amounts have ranged from about 25% to over 50% commission on the total qualifying product purchases. Build your personal customer base, and collect those Customer Differential Bonuses (CDB's), plus a share of the Retail Pool (RRSP). Any month you could be in great company with many, or one of ONLY a few to collect from those pools, so don't go to sleep. What a great way to contribute to that residual "house payment".*

**Customers create revenue and that means residual income. All these reps were sponsored by someone, right? In the matrix, they fall on somebody's 5th Level @ 10% commission !!!**
